ABOUT STPATSTECH

St Patrick's Technical College is a purpose-built, trades and technical training school for students in Year 11 and Year 12.

At StPatsTech students study a nationally-accredited technical qualification while completing the South Australian Certificate of Education (SACE). Our fully integrated courses mean you do not sacrifice your high school education while undertaking vocational training, either through one of our certificate courses or through our School-based Apprenticeship program.

All subjects at StPatsTech are specifically written with your technical training in mind. Our strong ties to industry ensures you are studying highly practical and relevant skills wanted by local employers.

WORK READY SKILLS

StPatsTech is focused on helping you move into the workforce. Our *Work Ready Skills* program gives you the edge when it comes to applying for a job.

- > Self-management
- > Communication
- > Planning and organising
- > Problem-solving
- > Teamwork

THE STPATSTECH DIFFERENCE

- > Direct industry support and input
- > 6-weeks of work experience per year
- > Extensive *Work Ready Skills* program
- > Flexibility and support for students and employers
- > School-based Apprenticeship experts
- > State-of-the-art workshops / facilities
- > Trade-qualified teachers / trainers

TAFE SA is responsible for the quality of accredited training and assessment provided and is responsible for the issuing of all qualifications and statements of attainment.

The St Patrick's Technical College Construction program provides theory and practical skills required by the building and construction industry. Students develop skills in both carpentry (including steel framing) and wet trades (bricklaying, plastering and tiling).

The program also provides an introduction to allied industry trades including flooring, glazing, painting, cabinetmaking and civil construction.

Your training will be undertaken at a number of sites including the purpose-built workshops at StPatsTech and on "live" projects utilising the College's mobile workshop.

School-based Apprenticeship & Traineeship (SbAT)

Our apprenticeship program is the only one of its kind in South Australia. We allow you and your employer maximum flexibility so you both get the most out of your SbAT.

In Year 12 you can spend more than 40 weeks full-time with your employer in paid work. This means completing up to the first year of your apprenticeship at the same time as finishing your SACE with support from the College.

StPatsTech School-based Apprentices automatically upgrade to full-time apprenticeships after graduation.
