ABOUT STPATSTECH

St Patrick's Technical College is a purpose-built, trades and technical training school for students in Year 11 and Year 12.

At StPatsTech students study a nationally-accredited technical qualification while completing the South Australian Certificate of Education (SACE). Our fully integrated courses mean you do not sacrifice your high school education while undertaking vocational training, either through one of our certificate courses or through our School-based Apprenticeship program.

All subjects at StPatsTech are specifically written with your technical training in mind. Our strong ties to industry ensures you are studying highly practical and relevant skills wanted by local employers.

WORK READY SKILLS

StPatsTech is focused on helping you move into the workforce. Our *Work Ready Skills* program gives you the edge when it comes to applying for a job.

- > Self-management
- > Communication
- > Planning and organising
- > Problem-solving
- > Teamwork

THE STPATSTECH DIFFERENCE

- > Direct industry support and input
- > 6-weeks of work experience per year
- > Extensive *Work Ready Skills* program
- > Flexibility and support for students and employers
- > School-based Apprenticeship experts
- > State-of-the-art workshops / facilities
- > Trade-qualified teachers / trainers

TAFE SA is responsible for the quality of accredited training and assessment provided and is responsible for the issuing of all qualifications and statements of attainment.

The St Patrick's Technical College Information Technology program prepares you for a career in a wide range of information and communications technology areas, including technical support, network administration, web technologies, software applications and digital media technologies.

This program features a Certificate III level Information Technology qualification as part of a pathway to Diploma and Degree level qualifications post-school.

This program is part of the Australian Government's \$5.1 million P-TECH project, providing opportunities for employment and pathways to further education supported by local defence industries employers.

School-based Traineeships

The StPatsTech Information Technology program includes opportunities for students to commence a School-based Traineeship during Year 12.

The flexible approach to SbATs at StPatsTech means that your time at work is maximised giving you the opportunity to complete your traineeship at the same time as finishing your SACE with support from the College.
