

HAZARD SHEET 2 – What could go wrong?

Electrical	Noise	Mechanical	Vibration	Gravity	Hazardous Manual Tasks/Ergonomics	Pressure	Chemicals	Fire	Extreme Temps.	Radiation	Psychosocial	Biological
Electric Shock	Hearing loss	Fractures	White finger syndrome (damage to the fingers)	Falls	Occupational Overuse Syndrome (OOS or RSI)	Explosions	Dermatitis	Explosions	Burns	Burns	Sleep Deprivation	Illness
Electrocution (death)	Damage to internal organs	Dislocations	Muscular skeletal	Laceration	Muscular skeletal injuries	Burns	Respiratory illness	Burns	Heatstroke	Cancer	Anxiety	Allergic reactions
Heart damage	Tinnitus (ringing in ears)	Burns	Damage to internal organs	Bruising	Fatigue	Fire	Burns	Property loss	Fatigue	Hypothermia	Stress	Skin damage
Burns	Total deafness	Blindness		Sprains	Falls	Death	Spills	Death	Dehydration	Eye damage	Depression	Damage to internal organs
Fire		Shearing		Strains	Death		Fires		Hyperthermia /hypothermia	Death	Weight Loss	Death
Death		Hit by moving parts		Concussion			Skin Absorption		Frost bite		Loss of Appetite	
		Crushing		Fractures			Cancers		Death		Fear	
		Pinching		Impalement			Blindness				Absenteeism	
		Puncture		Death			Explosions				Attempted Suicide	
		Trapping					Death				Suicide	
		Entanglement										
		Lacerations										
		Hearing loss										
		Abrasion										
		Explosion										
		Death
